This Week Tasks Priority :

fixing errors and making sure all documents are functional

***priority from top to bottom**

1- contract details when you try to view any document details is not working

2- pdf viewer is also not working

3- delete contract/document AND Edit functionality for admin

4- display a warning when a user clicks tries to open unauthorized pages or any placeholder page to indicate he has no permission

5- Departments Page to be completed under appointed deadline (Sunday) and it should contain VIEWABLE files for each and every contract sorted by department in a folder-like structure

to do list :

- change profiles icon to departments

- Put Youssef changes in the department page even as a placeholder
fix fonts

- Put logo liwan in each and every page in bottom right
