# Last push notes

Landing page :

1. Arrows are crooked and not straight
2. This is not the arrow positions mentioned in the design

3. Login button has a hard black shadow when un-hovered, either make it light brown or transparent
4. When hovered its black and we never use black in anything
5. The background hasn't been changed till now even thought what's required is a solid color and the colors was sent multiple times before
6. The mobile responsiveness for the landing page is non existent, the heart should be in the middle of the screen(just like the design) and smaller and three arrows coming out of at the same position like the design
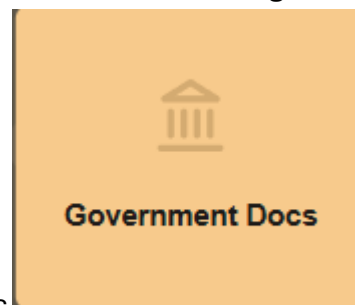

Login Page :

1. Background didn't change yet
2. Forgot password hasn't been implemented yet
3. Mobile responsiveness is horrible, the hover card is taking the whole screen
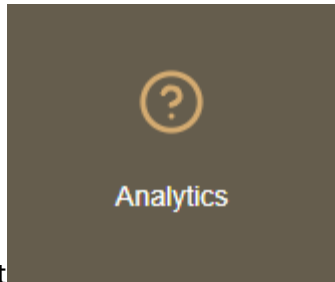

Main Page:

1. Mobile responsiveness on upward or downward scroll needs color optimizations

2. Top Sidebar was supposedly under development that should have a search function, a clock and a toolbar that contains all the icons on the right

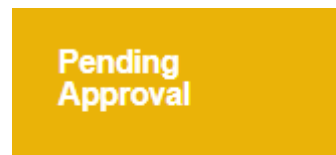

3. On hover color is black again please no blacks
4. Is the font working ?

5. Analytics icon is incorrect
6. Replace the analytics icon with a new one and replace the support icon with the old analytics icon(the incorrect one mentioned above)
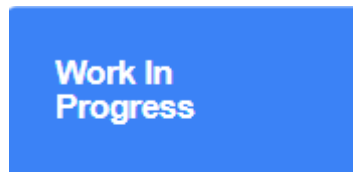

Order History :

1. No mobile responsiveness on mobile at all only tablet size

2. Change the pending approval to just "pending"

3. Remove the work in progress and remove it from the filters too

Government Docs :

1. Delete button was removed?
2. Edit still not functional either remove it or enable it

3. Unit Delivery Date was not removed from the outer card itself

Analytics Page :

1. These data are incorrect and needs to be linked

November 2024
- Total Sales Contracts Revenue: 350,000.00 US$
- Amount to be Paid: 150,000.00 US$
- Total Sales Contracts Value: 500,000.00 US$
- Total Spent on Orders: 0.00 US$
- Total Revenue: 350,000.00 US$

2. In the distribution page please add a foot note explaining how the average revenue is calculated or just change the name to "Average Revenue per month"
3. Add a sorting method in the distribution page to let the user sort by month/quarter/year

Admin Dashboard :

1. Remove these icons :
   - Notification system
   - Search and analytics
   - Purchase order management
   - Legal document management
   - Maintenance system management
   - Roles management
